

FREE Memory Screenings

Christian Health's Home Care Options is now an official screening site for the Alzheimer's Foundation of America (AFA).

Whether you've noticed changes in your memory or simply want to check in on your cognitive health, a memory screening can help identify potential concerns and determine whether further evaluation may be helpful.*

What to Expect

- Confidential, face-to-face assessment conducted by a certified screener
- Personal review of your results, including recommendations for follow-up if needed
- A copy of your results to share with your healthcare provider
- Approximately 15 minutes per session

Reserve your spot!

Open to Christian Health residents and the greater community. Sessions are limited, so reserve today!

(201) 897-5550 or ATarasiewicz@HomeCareOptions.com

2000 Siena Village, Wayne, NJ 07470

*Memory screenings are not diagnostic tests and do not replace an evaluation by a qualified healthcare professional.

First Screening Event

**Wednesday
November 18, 2026
11 a.m. to 1:30 p.m.**
