

# 3 Reasons to Schedule Your COVID-19 Booster Today

## PROTECT YOURSELF

A booster will increase or “boost” your level of protection, which may have gone down since your last COVID-19 vaccine.

## PROTECT YOUR LOVED ONES

A booster will help to protect you and your loved ones, as you gather to celebrate the holidays.

## PROTECT YOUR COMMUNITY

Boosters help prevent the spread of COVID-19 and protect your community. If it's been at least 6 months since your last shot of Pfizer or Moderna, or at least 2 months since your J&J shot, you are eligible to receive a booster.
